

MAA Cons

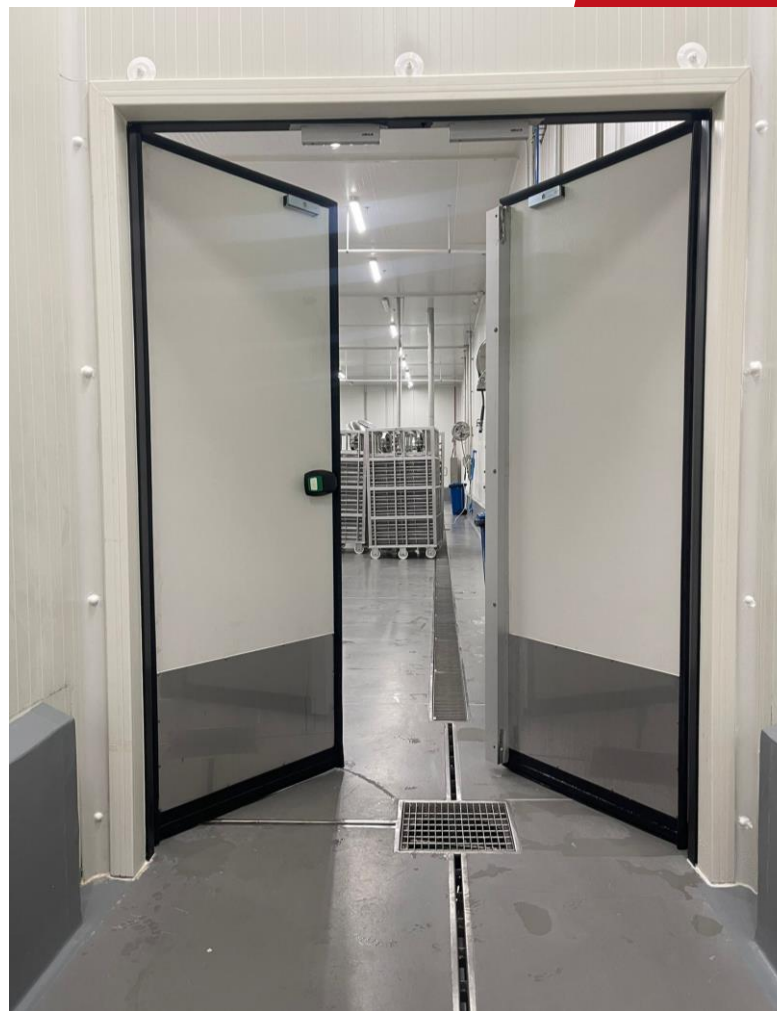

ABOUT US

Maa is a leading supplier of industrial doors, serving a diverse clientele across the globe. Founded in 2022 with a focus on cold room door segment and steadily expanded its product offerings and international reach, becoming a trusted partner for businesses worldwide.

Commitment to Innovation and Quality

Driven by a passion for innovation and a commitment to quality, MAACons has transformed itself from a humble cold room door supplier into a comprehensive provider of industrial door solutions. The company's continuous investment in research and development has led to the introduction of cutting-edge technologies and the expansion of its product range, encompassing sectional door panels, sectional doors, dock levelers, and shelters.

PRODUCTS

Cold Room Doors

In our wide range of cold room doors portfolio, we are offering hinged, sliding, automated sliding, atmosphere controlled, flip-flap and service doors.

Polyurethane insulation material, aluminum frames, counter frames and Fermob accessories are used in our products.

PRODUCTS

Cold Room Doors

MAACons Industrial Doors have undergone rigorous testing in accordance with EN13241-1:2003 standards and have received CE certification.

We have achieved the maximum classification values for air permeability, water tightness and resistance to wind.

PRODUCTS

RAXIT

Raxit Rodent Barrier is a passive protection product of Danish origin. Raxit products are manufactured in Denmark and are safely used in more than 20 countries. With Raxit Rodent Barrier, over 150,000 entry points have been secured.

PRODUCTS

RAXIT

Raxit Barrier sets the industry's highest standard for rodent and pest protection as well as airtightness, catering to institutions and residential users with hygiene sensitivity.

MAACons Industrial Doors could be shipped with preinstalled Raxit Barriers.

PRODUCTS

Sectional Doors

MAACons sectional doors have standard, high lift and vertical lift configurations to fit architectural and operational requirements.

There is a vast number of accessories such as vision panels, wicket doors, traffic lights, remote control etc.

PRODUCTS

Sectional Doors

MAACons Sectional Doors have undergone rigorous testing in accordance with EN13241-1:2003 standards and have received CE certification.

We proudly present Doco International hardware for our sectional doors, ensuring the highest level of quality for our esteemed products.

PRODUCTS

Sectional Door Panel

Polyurethane insulation allows MAACons sectional door panels to be produced in various thicknesses, achieving the desired insulation values.

Sectional door panels could be manufactured with 40, 60 and 80mm thick.

PRODUCTS

Sectional Door Panel

Four different surface embossing and eight colour options are included in standard production. Upon request, additional colour and embossing options are available.

PRODUCTS

Loading Stations

MAACons fulfill the operational demands of loading stations with swing or telescopic lip docklevelers and retractable or inflatable dock shelters.

To save the space in the building, loading dock can also be designed accordingly.
